Star Productions Professional DJ Services
7095 Cadiz Crescent
Mississauga, ON L5N 1Y3

Dear Alan:

I can't thank you enough for your involvement with our 2nd annual Healing Cycle fundraiser for Credit Valley Hospital. We managed to raise just over \$100,000 for Palliative Care and I know that your role was crucial to the success of our event.

You were with us from the start, and as we have grown tremendously as a Foundation, so has your role grown along side us. We introduced the complexity of the BBQ Bash with its live bands this year, and you were there to take care of all the technical requirements, which made my life so much easier! You also handled the emceeing and music at the registration and finish line for several hours, creating a fun environment and making every participant that crossed the finish line feel special.

Given our limited budget, you made us look so professional and it was extremely generous of you to donate all your services. I look forward to working with you on our newly-created Marketing Committee.

Thanks again for your dedication to our important cause of making life a little easier for terminal cancer patients!

Warm regards,

Heather Campbell
Executive Director
The Healing Cycle Foundation

In Support of Palliative Care at the Credit Valley Hospital
