Sub: KICK-OFF CELEBRATION 2008

Dear Alan,

We wish to take this opportunity to thank you and your staff for the professional organization of our Kick-Off Celebration on January 11 and 12, 2008.

As you know, it had been fifteen years since Wurth Canada last assembled all employees for a meeting, dinner and party and it was important for us to make this one a success.

And a great success it was!

Your equipment performed very well for the presentations and we received some very positive feedback from our employees. During the dinner and award ceremony your assistance and guidance was much appreciated and this event was also well received by our staff. Your choice of music kept us dancing until 2 am.

We have attended many conferences in the past and this one was definitely one of the better organized and lively ones.

We thank you for your attention to all the details and wish to confirm that Star Productions will certainly be called upon again for our meetings in the future.

With Best Regards,

Ernie Sweeney
President & CEO

Alana Wajcman
Executive Assistant

Nadja Mann
Automotive Division
